Note 2 – payroll fees are dependent on the size of payroll (number of employees). Smaller payrolls cost more per employee than larger payrolls. As a rule of thumb, 10 employees would be £95 per month, 20 would be £120 per month, 30 £140 per month.

Note 3 – employment status support would be dependent on complexity and would be dependent on level of support (site visit etc). A specific fee can be agreed on request.
