

Positive Covid-19 Case in Club

Someone who attends your club tests positive for Covid following a PCR test 

Club has contact details of those attending each session and stores for 21 days 

Person testing positive informs Test and Protect of their movements 

Test and Protect contact club to understand who else was in close contact with the positive case

Club provides contact details of those deemed close contacts to Test and Protect 

Test and Protect contact those deemed close contacts and they isolate until results of PCR test are known 

Club issues **Warn and Inform** letter to all members 

Close contacts can return to the club if they meet all requirements in one of the following categories 

Aged 18+ who is fully vaccinated and does not have symptoms and has not tested positive

Aged 5 - 17 who does not have symptoms and has not tested positive. Encouraged but not required for under 5s

Completed the isolation period

Club cleans the gym 

Club maintains normal class routines
