

Scottish Gymnastics Assessors

Where a learner is not able to sit their scheduled assessment date and cannot find a suitable date on the what's on calendar, they can organise their own assessment at their venue or where possible an assessors venue. [Find out more on the Scottish Gymnastics website.](#)

- Learner's should contact an assessor directly to arrange an assessment date. The assessor should not be a member of your club, been your mentor for the course or coaching journey, and not your course tutor, unless there is prior approval from Scottish Gymnastics.
- After confirming a date with the assessor, the assessor must contact coacheducation@scottishgymnastics.org at least six weeks before the date to have this reviewed and authorised by Scottish Gymnastics before the assessment can go ahead. Unauthorised assessments may not be valid and will not be awarded, with any associated costs borne by the learner.
